

## About this product

### Product Information

The Numark M2 Professional 2-Channel Scratch Mixer features a replaceable crossfader. It includes the ability to switch between line sources like turntables, MP3 players, CD players, and other digital music sources. The mixer is ideal for DJ use at clubs, weddings, parties, and other social events. Each channel has its own three-band equalizer, and the microphone has its own gain and equalizer. It also includes slope controls. The headphone output includes a cueing system that works like a crossfader.

## Product Identifiers

GTIN	0676762155311
BRAND	Numark
UPC	0676762155311
