

## PRODUCT OVERVIEW

### DYMO D1 Labels

With black text on a white background, this heavy-duty Dymo D1 Permanent Tape is the ideal choice for dependable durability. Made from extra durable polyester, this tape is strong enough to withstand scratches, tears, water and harsh environments, with a permanent adhesive to ensure strong bonding to any surface. It's ideal for vital labeling such as warning notices. This tape is compatible with LabelManager label makers. The tape is 12mm wide and comes supplied on a 5.5-meter roll. It can be stuck on to almost every clean and flat surface. It looks the same as standard tape but offers a powerful permanent adhesive for when you want a label to stay put indefinitely.
