

PRODUCT OVERVIEW

The Dymo 18508 black on clear permanent polyester tape 9mm x 5.5m provides high-performance labeling solutions with impressive adhesive strength and professional results. This permanent polyester tape is useful for a variety of applications and works well on all surfaces, whether curved, textured or plain. The adhesive sticks on even when the tape comes into contact with oil and dirt. It can be used for permanently labeling a variety of equipment, and the superior quality ensures that labels will last for a long time to come. The Dymo S0718160 polyester labeling tape is easy to peel off and apply and is not sticky or messy to use. With tear resistant properties, this highly durable permanent tape delivers on performance and function.

- Durable and smear-proof.
- Resistant to chemicals, solvents, grease, heat, moisture and other harsh elements.
- Industrial-strength adhesive for labels that stick and stay stuck.
- Easy-to-peel split backing for simple application.
- Any text looks as if it is pressed into the surface itself.
