- Includes padded protective cover and caster-board
- Handle cutouts and rear panel access flap
- Speaker cabinets can be tested without fully removing the cover
- Tour grade casters
- Stackable for convenient storage
- Rotating release/lock cam mechanisms for secure attachment to loudspeaker enclosure

Description:

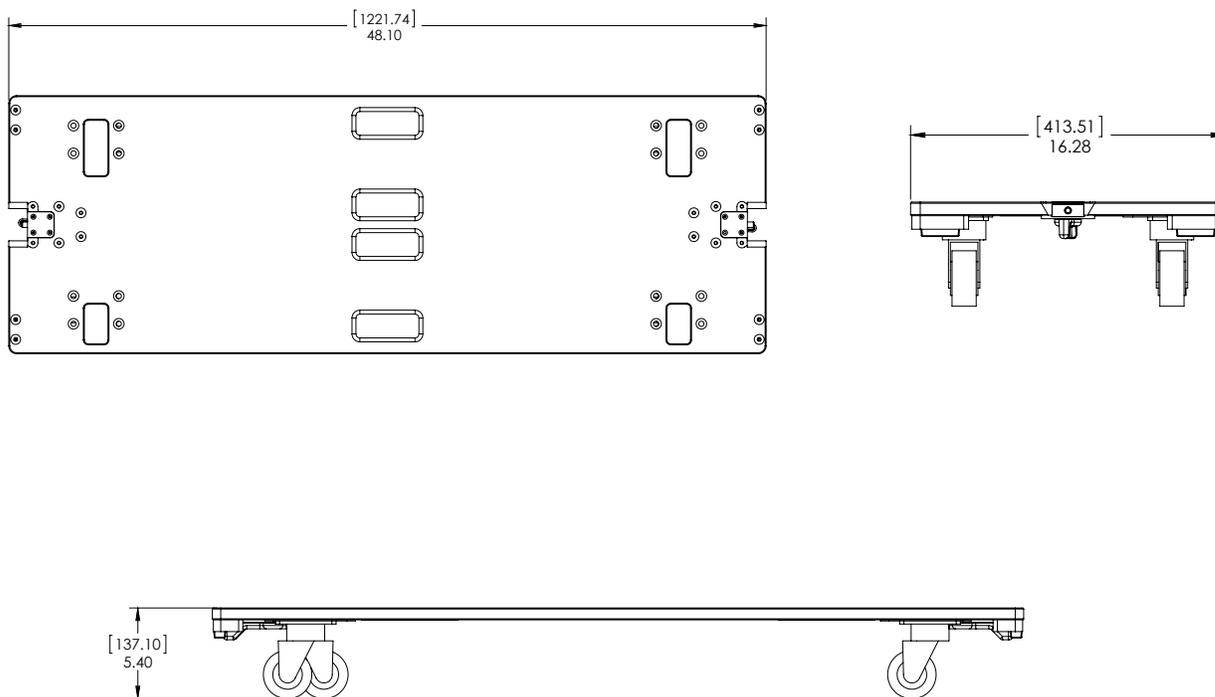

VTX Series V25 Accessory Kit for transportation and protection of one VTX V25 or VTX V25-II enclosure. Includes: padded, reinforced protective cover with handle cutouts and rear panel access flap; dolly caster-board with rugged tour grade casters and rotating cam mechanisms for secure attachment to the V25 enclosure. Beveled recesses auto-locate with V25 caster board mount tabs. The rotating cam mechanism can be released while V25 or V25-II cabinets are face down during the suspension process (no need to manually remove caster board).

Included:

- 1 x VTX V25 caster-board
- 1 x padded protective cover
