# SilverStone®
**Designing Inspiration**

# REDLINE SERIES RL01

## Taking affordable enthusiasts PCs to the limit

## SPECIAL FEATURES

Fantastic styling details with glowing button and red LED fan

Positive pressure design for effective dust reduction

Removable magnetic dust filter for top and bottom vents

Smart backside cable routing design

Motherboard back plate opening for quick CPU cooler assembly

Support easy access drive bays with tool-less design

# RL01 REDLINE SERIES

**Taking affordable enthusiasts PCs to the limit**

## SPECIFICATIONS

| | |

| Expansion Slot | 7 |
| Front I/O Port | USB 2.0 x 2 (SST-RL01B-USB 2.0+SST-RL01B-W-USB 2.0 only)<br>USB 3.0 x 2 (SST-RL01B-USB 3.0+SST-RL01B-W-USB 3.0 only)<br>Audio x 1<br>MIC x 1 |
| Power Supply | 1 x optional standard PS2 (ATX) |
| Expansion Card | Compatible with expansion cards up to 11" |
| Limitation of CPU cooler | 155mm |
| Extra | Support Kensington lock |

# RL01 REDLINE SERIES

**Taking affordable enthusiasts PCs to the limit**

Extra large fan filter (2 x 140mm) on top intake vents

Top-mounted I/O ports include microphone, audio, and two USB 3.0 ports

Rear 120mm fan slot

Extra large motherboard tray cut-out for CPU cooler backplates

5.25" drive bays with tool-less locks

Room for cable management behind motherboard tray

Glowing red SilverStone logo doubles as a power button

Five tool-less 3.5" drive bays

PSU slot on the bottom panel for better overall cooling

Quiet 120mm red LED fan included

Fan filter for power supply intake area

Compatible up to 11" long

# RL01 REDLINE SERIES

**Taking affordable enthusiasts PCs to the limit**

The Redline series was created with the goal of exceeding user experience and expectation for affordable PC chassis by offering punchy styling and features reserved often for more expensive models.  The RL01, with its armed front fascia punctuated by glowing red SilverStone logo that doubles as a power button and red LED fan has an exciting presence that will surely raise the adrenaline of PC enthusiasts.  Its bottom mounted power supply layout and flexible drive storage options enable it to support a wide selection of components. The top, front, and the bottom side of the RL01 are also fully filtered to ensure that positive pressure setup, a prominent feature in SilverStone's high-end chassis, is a viable option for creating a dust-proof PC.  For enthusiasts looking to build a PC with quality features and styling on a budget, the RL01 is an excellent choice.

## RECOMMENDED PRODUCTS

### FP35
3.5" device bay with eSATA, card reader, USB, 1394, and audio

### FP55
Use FP55 to support one 3.5" and two 2.5" devices in a 5.25" drive bay.

### CP06
Four-in-one SATA power connectors with power stabilizing capacitors.

### AP121
Wide fan blades for reducing air resistance.
