

SILENT PRO GOLD SERIES

600W / 700W / 800W / 900W / 1000W / 1200W

Introduction

Cooler Master offers another extensive range of power supplies that allows for a perfect fit for end users.

Silent Pro Gold Series – a brand new lineup of power supplies that meet the 80Plus Gold Standard with over 90% power efficiency.

Using patented technologies such as Heat Transfer Technology™ (HTT), Hyper Path™ and Hybrid Transformers™, the Silent Pro Gold sets a new standard in PSU excellence.

Product Features

■ Patent Technologies:

■ Heat Transfer Technology™ :

A unique “L-shaped” heat-sink to remove heat from the PSU

■ Hybrid Transformer™ :

Unique design that combines heat-sink with transformer

■ Hyper Path™ :

Places IC close to transformers leading to huge efficiency ratings

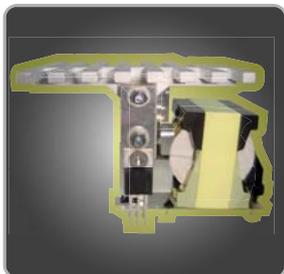

- Flat modularized cables provide easy cable management leads to better airflow
- Compliance with the latest Intel standard ATX 12V V2.3
- Operation with intelligent fan speed control
- High reliability (MTBF> 100,000 hours)
- Double Layer EMI Filter retrains noise and to avoid affect to users
- Integrating Active PFC with PWN combo controller while increase efficiency
- Multiple protection design (OVP/UVP/OPP/OTP/SCP/OCP)
- Japanese-made capacitors
- Single +12V rail up to 98A
- Five-year warranty

SILENT PRO GOLD SERIES

600W / 700W / 800W / 900W / 1000W / 1200W

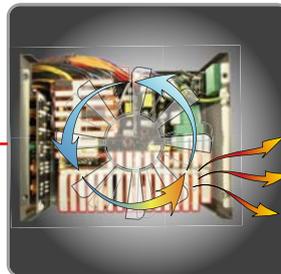

Patent Technologies

Hybrid Transformer™:

Special design transformer to improve thermal and efficiency

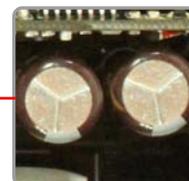

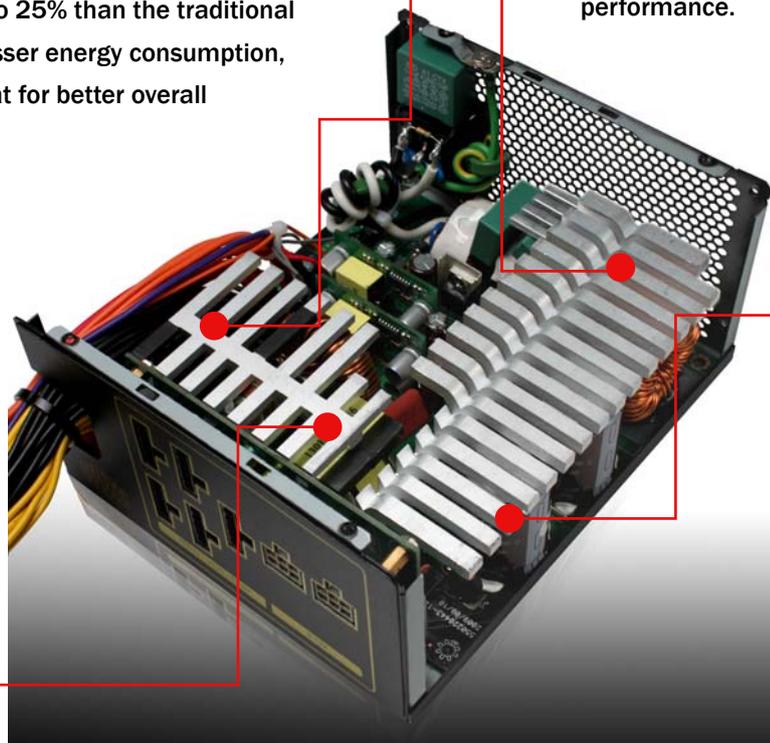

Patent design transformer mount with heat sink, the size was reduced by up to 25% than the traditional transformer providing lesser energy consumption, while conducting the heat for better overall efficiency.

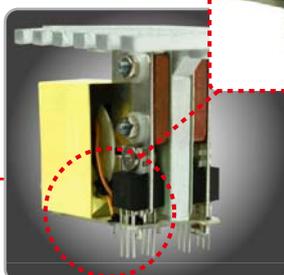

HTT™ - Heat Transfer technology:

Patent design "L" shaped heat sink layout

This technology helps to guide the air flow along the heat sink to improve the air circulation for maximum performance.

Japanese-made capacitors

Hyper Path™:

Patent design hyper link between IC and the relative components

Patent energy conversion design path provides super efficient connection from the transformer to components. The signal can be transfer directly without any energy loss.

SILENT PRO GOLD SERIES

600W / 700W / 800W / 900W / 1000W / 1200W

Product Overview

■ Golden fan cover

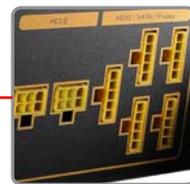

■ 120 / 135 mm fan

■ Logo decor sticker

■ Honeycomb vent

■ Modularized cable design

■ Flat modular connectors

■ Quality spray finish

■ Cable protector
*Available only on
(600W/700W/800W/900W)

SILENT PRO GOLD SERIES

600W / 700W / 800W / 900W / 1000W / 1200W

Specifications
