Does your PC know you?

Dell Optimizer is a first-of-its-kind AI platform that learns how you work and continuously adapts to your style to create a smarter, more personalized and productive experience.

ExpressResponse: We use built-in AI and Intel® Adaptix™ Technology to adjust performance levels where you need them most.

ExpressCharge: AI improves battery performance by adapting to your typical power consumption and charge patterns. ExpressCharge will automatically get you up to 80% in an hour.* And if you can't charge your system right away, it will subtly adjust settings to preserve resources, such as dimming your screen or turning off Bluetooth when not in use.

Intelligent Audio: Dell Optimizer's Intelligent Audio will automatically tune your system by adjusting background noise, managing speech volume and refining overall sound experience so you can hear and be heard better wherever you work.
