

Feature:

1. 5W/7.5W/10W fast wireless charging
2. 16.8 million colors RGB backlight
3. 4 adjustable light brightness modes
4. Anti-skid and stable rubber base
5. Three layers with PC, PS and silicone material, hard pad with fine sand.
6. The size of 352 x 255 x 6mm fits your desktop perfectly.

Specification:

Brand: Rapoo

Model: V10RGB

Color: Black

Product Type: Wireless Charging Mouse Pad

Backlit System: RGB

Light Effect: 4 Kinds of Backlight Effect

Material: PC+PS (surface), Silicone (base)

Feature: Wireless Charging

Charging Power: 5W/7.5W/10W

Wireless Charging Standard: Adapt for Qi Agreement Device

Fast Charge Mode: Support for QC2.0, QC3.0 Fast Charge Mobile Devices and Charging Plug

Connection Method: Wired

Input Voltage: 5V/9V

Input Current: 2A/1.67A

Interface Port: USB+Type-C

Cable Length: 1.8m

Over-Current Protection: Yes

Over-Voltage/Low-Voltage Protection: Yes

Over-Temperature Protection: Yes

Foreign Object Detection: Yes

Size (L*W*H): 352 x 255 x 6mm

Weight: about 542g

Package Included:

1 x Rapoo V10RGB Wireless Charging Mouse Pad

Note:

1. Support wireless charging multi-devices with international QC3.0/QC2.0 agreement, and three power modes (5W/7.5W/10W) fast wireless charging.
2. After placing the phone, the product will automatically identify the appropriate power. During the process, the phone will occasionally lose power. This is a normal phenomenon, please do not worry about it.
3. When connected to a common USB port for charging, the wireless charging power may not reach 5W.
4. The data comes from laboratory tests, and the actual charging power is related to the equipment power/charging plug power/wireless charging loss/mobile phone system, etc.
5. It is not recommended to use metal or thick phone case, which may appear abnormal or affect the charging effect.
6. When the product temperature is greater than 40°, it enters the overtemperature protection state.
