

PRODUCT OVERVIEW

Evolis YMCKO single or double sided ribbon 300 prints for Evolis Primacy 2

In addition to the standard colors (yellow, magenta, cyan and black), YMCKO ribbons apply a protective varnish to your cards to help maintain high image quality despite frequent use. This process maximizes the quality of printed images and logos at 300 dpi, ensuring a professional presentation of your data.

Printed cards can be used for up to **3 years**.
