

DMInteract[®] Ultra Thin Pro

WALL MOUNTED SIGNAGE DISPLAY

PRODUCT OVERVIEW

Experience the pinnacle of visual excellence with DMInteract's LCD panels, available in sizes ranging from 43 inches to 55 inches. Designed with ultra-thin bezels measuring just 18mm, these displays offer a sleek and modern aesthetic while maximizing screen space for an immersive viewing experience. Choose between 2K and 4K resolutions to enjoy stunning clarity and detail, complemented by LED backlighting technology delivering consistent brightness of 400 nits. With a contrast ratio of 1200:1 and a wide 89-degree viewing angle, every image comes to life with depth and vibrancy, visible from any angle. Powered by a Quad-core 1.8GHz processor and 2GB DDR3 RAM, these panels offer seamless performance and fast response times. Additionally, the Android operating system provides a user-friendly interface, while versatile connectivity options and flexible orientation settings ensure effortless integration into any environment. Complete with a durable design, ample storage, and elegant black cabinet finish, DMInteract's LCD panels redefine the standard for captivating visual displays.
