

Specification	Details
Model Name	Samsung IEA All-in-One IAC Indoor LED P1.5
Display Size	130 inches
Pixel Pitch	1.5 mm
Resolution	Full HD (1920 x 1080 pixels)
Display Technology	Direct View LED (DVLED)
Brightness	500 cd/m ²
Contrast Ratio	2,500:1
Viewing Angle (H/V)	150°/150°
Color Temperature	6,500K ±500K
Diode Type	3-in-1 2121 SMD LED
Refresh Rate	3,840 Hz
Power Consumption (Max)	463 W/m ²
Input Voltage	100-240 VAC
Power Frequency	50/60 Hz
Installation Type	Wall-mounted with integrated control box
Installation Time	Approx. 2 hours for a 130-inch setup
Control Box	Integrated control box inside the display, eliminating external devices
Connectivity Options	HDMI, DisplayPort, USB, Network (RJ45)
Operating Temperature	0°C to 40°C
Operating Humidity	10% to 80% RH
IP Rating	IP20
Audio	Built-in speakers included, optional external audio systems supported
Dimensions (W x H x D)	1,709.5 x 964.4 x 116.8 mm
Weight	70.5 kg
Wall Mount Compatibility	Yes, compatible with VESA mounting (600 x 400 mm)
HDR Support	Yes, HDR technology for improved color accuracy and contrast
Multi-Screen Support	Yes, can be used to create larger displays by combining multiple units
Control and Monitoring	Can be controlled remotely via a network connection and Samsung's MagicInfo
Standby Power Consumption	0.5 W
Display Lifespan	100,000 hours (typical usage)

Specification	Details
Audio Output	2 x 10W speakers
Frame Rate	60Hz
Response Time	6 ms
Warranty	3 years
Additional Features	<ul style="list-style-type: none">- Quick and easy installation- Multi-screen configuration flexibility- Energy-efficient LED technology- Sleek and modern design suitable for corporate and retail environments
