

DMInteract[®]

MOTORIZED PROJECTOR LIFT

Ultra-thin design to meet the requirement for the narrow space of the ceiling

DM-150PL

PRODUCT IMAGE

Brief introduction: Complying with strict production control and quality inspection requirements, this product is designed based on the latest innovation so as to make sure of reliable quality and excellent performance. Our products feature in easy installation, beautiful and artistic shapes, and excellent security, which prove that our products are the best auxiliary products for refined projectors.

Product capability:

- Ultra-thin design to meet the requirement for the narrow space of the ceiling
- Large running distance, lower voice, stable running
- Wireless electrical position and convenient to control
- Superheating protection
- Convenient routing
- Dust protection

CAUTION. . !

Safety precaution:

1. Make sure to keep the hung ceiling expansion bolt secure when installing
2. People and objects that may collide with the lift are not allowed to be kept under the lift when the lift is running. If there is desk or other things holding the lift when it running down, the steel rope will loose or entangle which will cause some accident.
3. Try to set the center of gravity of the hung object to the center line of the lift so as to avoid the inclination or imbalance of the lift as a result of shift of the center of gravity.
4. Overload is prohibited;
5. Forbid anyone stand under the lift 1 meter when it running. Be careful to keep your hands or other object out of the cross scissor frame so as to avoid clipping and sudden hurt happen

TECHNICAL HIGHLIGHTS

Brand Name:	DMInteract®
Model Number:	DM-150PL
Color	Silver
Type	Motorized
Voltage	220V (±10%)
Loading Capacity	12 Kgs / 20 KGs
Running Distance	1500 mm 1.5 mm
Motherboard Size	500 x 500 mm
Product Size	320 x 295 x 190
Product Weight:	12 KG
Product Dimension:	320 x 295 x 190 mm
Packaging Weight:	16.5 Kgs
Packaging Dimension:	54 x 54 x 21 mm
