System Controller
WV-CU650

PS·Data

One Unit, Total Control

KEY FEATURES

Camera Control
• 3D joystick for single-hand control of pan, tilt, and zoom functions of PTZ cameras.
• Big, easy-to-use numeric keypad for camera position input

Recorder Control
• Jog dial and shuttling make it easy to find digital disk recorder bookmarks and input other settings.
• Equipped with dedicated recorder buttons for recording, playback, and search functions of WJ-HD300, HD500 Series.

Switcher Control
• Note the full array of image switching and sequencing buttons
• Also controls display position and Camera Title On/Off

System Status Display
• LCD shows current unit, monitor and camera numbers. Also shows system and echo back status.

User Setting Button
• Can be set to simplify whatever functions the user prefers

Program Upload Function
• Ensures full support for new products as they become available
